

OSU Cascades

URL: [OSU Cascades](#)

OSU Cascades prides itself on providing an excellent selection of both entry level and graduate degree programs. Their computer emphasizes math and coding early on before moving towards a more engineering focused standpoint. They also offer internship opportunities to help students grow their skills with real world application.

Year 1	First Term MTH 112, CS 101, HHS 231
	Second Term CS 160, Math 231, Writing 121
	Third Term CS 161, Math 251, Writing 222
Year 2	First Term CS 162, Math 252, Writing 327
	Second Term CS 261, CS 271, COMM 111
	Third Term CS 290, ST 314, ECON 201
Year 3	First Term CS 325, CS 340, CS 344
	Second Term CS CS 352, CS 361, CS 362
	Third Term CS 372, CS 381, CS 391
Year 4	First Term CS 444, CS 461, CS 462
	Second Term CS 463, CS 419, CS 492
	Third Term ANTH 210, ART 101, ENG 253
Graduate	The graduate programs OSU cascades allow students to achieve either a

School

masters degree in science, engineering, or even a doctorate in philosophy. The areas of research are varied nicely with classic options like networking and security, up to artificial intelligence and health engineering. They even offer a whole track for software development geared towards designers and architects. Looking at their graduate handbook guide, they give a highly structured path for students to follow for a streamlined academic experience. Choosing which courses to take while providing a timeline of expected completion to accurately track progress. Goal sheets and Internship opportunities keep students on track while providing excellent benefits.
